

Freemasons : Good Goyim

by blogger *Axe of Perun* – originally published on the internet on 2 November 2016, saved by a reader for Aryan Europeans

I like to lurk around the social media of our enemies and simply look at their idiocy – it is always interesting to see them discuss and struggle against their own stuff or simply give us information about their mental and intellectual thoughts for free. One of such media outlets which I usually visit once a day is the Freemasons page on Facebook. We had one such article before where the Masons were having a debate about Islam in Masonry – *some guys were arguing that such a toxic Abrahamic religion can't exist within their Society* – others, on the other hand, were reminding them that they are all Brothers anyways, that it doesn't matter who or what is inside the Lodge.

Stuff like that is fascinating as it gives somewhat of a hope that perhaps Masonry might as well entirely fall apart with all the shit that is coming ahead of us – *or, at the very least* – we should attempt to create our own Orders where these guys can find Nationalistic and Racial brotherhood and loyalty once again in their life. It is somewhat sad when you see that many White people abandon their entire Race, their entire Nation and replace it with a god damn Jewish run Lodge and call those faggots inside of it – **their brothers**. People of all random factions of this planet, people who they would otherwise hate and never even have a chat with – but, they have to “love them” because of the Lodge. The Lodge, if you ask me, is the “body of Christ” in many ways – after all – *they, the Masons, are all “One in the Lodge”*.

We saw then in the other article on Masonry, called Useful Idiots, how Masons were involved heavily in the spreading of Communism – even though some of them, supposedly – were against it. We had also seen the various ideologies they follow, many Jewish quotes as well as

one crucial information : *that Democracy came from the Bible and that Democracy must exist wherever Freemasonry wishes to install itself*. In other words, wherever the Jews are, there must be Democracy, for it is the only system by which a minority can – slowly, but surely – **attempt to take over an entire Nation**. They need to Divide and Conquer the people in order to destroy them. Gullible Goyim Masons believe this to be somehow a “liberation” of the people. **Fucking idiots**. This time we’ll look into their [recent post](#) about politics and will analyze some of the characters responding to the discussion.

Let us understand this statement properly. We have Freemasons, Jewish slaves, who must install democracy and through it eventually Communism – into every Nation they come to. The step from democracy to communism requires a Sacrifice which the Masons themselves will provide – alas, rarely do the idiots understand this fact. So, they create a System of Left and Right wing politics, divide the people and – *afterwards simply say that they are to avoid discussion of politics within a lodge*.

Even more silly is the fact that basically many presidents – *if not all* – were Masons and, as the admin here says, they held highest offices of various kinds throughout history. Now, picture that mindset – they occupy these various important positions and are not to talk about any type of their own concern or opinion. **Nothing is as important as their “brotherly love”**. Outside the Lodge “they may discuss politics”, but not inside of it. They pretend inside of it to simply forget the reality of what is going on while meanwhile certain smaller inner circle of Masons conspire outside of the Lodge in various other fields, one of them being politics. This is all just to make sure that they have an army of idiots – *who will, when the time is right* – believe they are all “one” anyways and do whatever is asked of them.

Some things transcend politics, he says – therefore their Masonic relationship and the oaths they take transcend such a field of life. If it transcends politics, it sure as hell transcends race as well, for politics should be about the preservation and safety of the ethnic people of a Nation.

Therefore, by definition of their Society, Masons are Traitors of any given Nation they exist in – they have higher obligations than their own people – and they have to make sure to prove themselves whenever that is necessary. How fitting therefore that these individuals run all the highest offices of our Nations and have secret symbols that let them recognize one another and help each other get even more of their members into critical positions.

But, don't worry, it's all about making good men better.

After all Harry Truman was also just a good man whom they had turned into a better specimen. He was a 33rd degree Mason who ended up becoming the President of America and did just a random [thing](#): *on May 14, 1948, he issued a declaration recognizing Israel as a new nation in the Middle East.* A Zionist powerbroker, Abraham Feinberg, had, just months before, given the President a two-million dollar bribe—\$100 bills packed in suitcases—**to recognize Israel.**

The Truman White House was overflowing with Jewish bureaucrats, treacherous Communists, and Israel firsters with little allegiance to the U.S.A. In the Truman White House also was Harry Hopkins, a secret Soviet agent who arranged for Stalin and Russia to be given America's nuclear blueprints and materials. The fledgling nation of Israel was also given atomic bomb materials and plans. Two dedicated American patriots, Secretary of Defense James Forrestal and General George Patton, refused to go along with the Jewish treachery and takeover of the White House. *Both were cruelly assassinated. Forrestal was “suicided,” being thrown out of a sixteenth floor window.*

Under orders from his Jewish superiors, Truman used nuclear bombs to massacre hundreds of thousands of Japanese in the cities of Hiroshima and Nagasaki. This in spite of the fact that the Japanese emperor and generals had already petitioned America to allow them to surrender. Years after Truman's death, found in his files was this entry dated July 21, 1947 from the President's Personal Diary: *“The Jews, I find are very selfish...when they have power, physical or political, neither Hitler nor Stalin has anything on them for cruelty or mistreatment to the underdog.”* He makes an anti-Hitler comment as if Hitler was killing his own Nation or something – are Masons entirely mental?

After his retirement, in 1956, Truman confided in an interview his knowledge that American Jews were disloyal to the U.S. He stated: “When a Jew born and living in America talks to his Jewish companions about ‘our government,’ he means the government of Israel.”

Imagine that, it took him his entire Masonic, Political, Presidential life to figure that shit out – even after he allowed himself to get bribed in the first place. Maybe if he had been allowed to actually discuss politics within the Lodge and his fellow Masons, they would have come to realize that their institution has been infiltrated by lunatics a long time ago. But, just like them, the Christians do not like to discuss the shit within their Bible – *for, it would destroy their Belief.*

How selfish of these people – that they do not see the bigger picture – the destruction of all Jewish power and instead do not wish to let go of their indoctrination.

Well, well, one thing is for sure – *he became a better Man, now didn't he?* Why, he was so full of correct and righteous decisions, of such high morality, he had shown such unshakeable willpower – a truly glorious person. Almost makes me want to kneel before the Bible as well and join any, if not all, of their various cults – from Christianity to Mormonism – surely the Truth can only be found through the Jewish Book and their fairy tale stories.

I think I've said it before – *wherever you find the Bible, in any shape or form – get the fuck out of there.* There is one idea that we find within the very beginning of the Jewish Communist Manuscript called the Bible – in Genesis with Adam and Eve – when they eat from the fruit and God doesn't even know it has happened. The "All-Seeing" guy just didn't notice it and couldn't find Adam and Eve without calling out for them. This means, from the Jewish perspective, *that they have to make sure that they really do see everything, that they really have control over everything* – in order to avoid ever again in the future – someone waking other people up from their idiocy and slumber. This is why the Bible and the All Seeing Eye symbol are everywhere – and all of our modern technology controlled and run by Jews is working towards a universally connected World where they will know the amount of breaths you took on any given day.

Jason Pritchett Fastest way to end a friendship. The topic has been brought up during refreshment an I just choose not to partake.

Discussing politics is the fastest way to end a friendship, says this Mason over here. If I were to tell you : Hey, Communists are trying to undermine our Nation with various laws, ideologies, movements, finances, etc. – and you end our friendship because of that – then it means that you were a Communist yourself anyways. It means that our friendship wasn't true, that it was very superficial and artificial. If I cannot talk to you about everything and anything – *then we aren't friends anyways – let alone brothers.* The Masons have a very disturbing idea about the word "brother".

Take it one step further : *we all know that being a Communist is bad and idiotic.* Therefore, a brother Mason who is a Communist can't be regarded as a "good man" anymore and certainly wouldn't be capable of becoming "better" either. His own self-development is impossible as long as he remains a Communist – therefore, a good Brother would have to point it out to him – the Lodge itself should have such discussions in order to ensure that the "good men become better". Since it is forbidden to discuss this, hell they even praise it, one can conclude here that Masonry is Communistic without even ever having looked into various quotes and sources which prove such a conclusion.

They will praise themselves as doing the "will and work of the Great Architect" – I guess the Architect is a Communist Jew then who simply had decided that Jews are his Chosen People and that they should conquer and rule the entire planet without anyone stopping them ever – after all – *they are your "brothers"*. And what lovely brothers they are, they merely think of you

as more useful cattle that can be lured into doing the dirty work by putting various medals around their necks and bodies.

Fernando Cabral Rodrigues We're having a bit of the same here in England with Pro & Anti Brexit .Many friendships broken up ,but everything stays out of the lodge. it is obvious that we are a force to be reckon with and sides/parties always want to have us on their side. Its complicated when many and big interests are at stake and Brothers have to look after their interests outside the lodge... Btw happy Samhain .

This Mason here pretends to be a European, that is to say a Pagan – he wishes them a happy Samhain. He also claims that many friendships were broken up – I wonder why? Could it be that some Goyim Masons are waking up to the bullshit they are living in? If there are Masons who are Pro-Brexit and anti-Immigration and actually even realize that White Genocide is happening – then surely – this Fernando guy can't be their friend, for he claims to be Single on his Facebook and yet has 2 daughters – **who are both non-White** : *one is African, the other Asian.*

Picture that. He adopted two non-White daughters. Boy, Yahweh must be masturbating out of happiness, he must be getting real nice presents from his remaining Jewish friends within the Lodge. Why, he chose not to have a White wife and White children – he even brought two non-Whites into Britain and will raise them to become hardcore liberals who are free to go around and do whatever they want in a foreign country. We are all only Humans after all. *He is just doing the work of the Great Architect.*

The ultimate Cuck right here. I have seen many Masons who comment and follow this Facebook page having non-White women and children – I guess the Jew brainwashing is explicitly powerful in a closed down temple without access to any reason or outside worldly common sense. These individuals do not become better men, they *become better goyim, better shabbos goy*. And willfully at that – they are the perfect slaves, as is said in **1 Peter 2:16** – *As free, and not using your liberty for a cloke of maliciousness, but as the servants of God.* However, in the original Greek we find the following word instead of “servant” : **δοῦλος**, which means a slave and is further described as someone who belongs to another; a bond-slave, without any ownership rights of their own. To make it sound more nice for Christians they added the following explanation : believers who willingly live under Christ’s authority as His devoted followers.

And that is what the Jews are trying to accomplish – make their Goyim slaves become willing slaves, for those will not rise up against their masters. They have to feel free within their enslavement. This should also make you understand why everything you use nowadays is taxed or requires some kind of license – it is because you have no ownership rights of your own.

The same is true for Islam where it is said that anyone who follows Allah is his slave. Picture that – we got billions of people on this planet alive right now who are willing slaves to the same Jewish God. They love being slaves. In addition to that – since Jews are his supposed “Chosen people” – they are to control and use these slaves as they see fit. In other words, as long as Abrahamic religions exist – in any shape or form – *there will be slavery on this planet*. **Isn’t that just wonderful?** Wherever you see a Jewish Holy Book – there is Fear and Slavery. Run the fuck away from it.

[Todd Whaley](#) True, the Dems and the GOP look more like warring factions than political parties these days. All Dems are seen as "irreligious libertines" and the GOP is seen as a hate group.

As if anything else was to be expected by installing Democracy as the political enslavement of a Nation. As if anything else could happen by importing millions of non-Whites into White Nations with the ultimate goal of genociding the entire White population because the Jew, ehm : the Jewish God, wills it? One would think that these people would react against such injustice, but they do not see any problems – *we are all the same shit according to them anyways* – it is all the great work of the great Architect.

Whether it be Jesus, the Architect, Allah, Yahweh – it is the same Jewish bullshit story. One would think that intelligent people who follow the occult and science would understand that the discovery of the DNA proves that we are different, but alas – they ignore it entirely. This guy also got additional shekel points because of [his](#) cover photo on Facebook.

Rob Titterington This is why I quit attending lodge meetings. The discussions quickly devolve into chest thumping conservatism. I hate it.

Bob Simonson When you're the only moderate/liberal in the room of 10 traditionalist... to demonstrate the exemplar and moral courage... you are outgunned. Quickest way to find yourself excluded from many a spur of the moment dinner or "fellowship" because you just don't fit in.

This image is interesting. The guy called Rob Titterington seems to be a single White guy well into his aging process – there are no indications of children or a wife. Perhaps he also plans to adopt some Somalians? Who knows what the Great Architect has in plan for him, right? Anyways, this Rob guy is a Bernie Sanders follower – *he loves a Communist Jew* – therefore, we got ourselves another Communist specimen within Masonry right here.

The next interesting fellow is Rick Whitehead – a guy who comments pretty much everything on this social media site – he likes a lot of degenerate shit, but the probably most important to mention are [Schindler's list](#) and [Belle](#) – our Mason here seems to like race-mixing propaganda and the Jewish lie called Holohoax. **With Masons your Nation just cannot lose, right? They**

are the bright and righteous foundation of Society – we are so blessed to have these motherfuckers in every White Nation!

Finally, the last guy – Bob Simonson – likes the [Scouts for Equality](#) page : *Scouts for Equality is striving for a Scouting movement that is rooted in equality and is free of discrimination.* They allow faggots within Boy scouts – isn't that just so progressive? How about it – have your son be sent into a group lead by a Faggot who will tell him that being a Faggot is super cool and they should be touching each other while doing a camp fire. **Three Masons, three degenerate Communist, Marxist morons.** These self-righteous imbeciles, just like Christians, think of themselves highly yet they do not see what kind of world they are allowing to come into being. They should be hung for treason one day – *they enjoyed their “Jewish choices” and ruined the World through them.*

David Spence Let us each be satisfied that we are all Masons, and as such share a faith in God, truth and the common good. As well as we are all Patriots of this Great Country of ours founded in the will and sacrifice of brother Mason's who have come before us.

David Spence is a hardcore believer, loves equality, fraternity and all that other French revolution bullshit – *but, the most important thing* – **he likes the Zohar!** Isn't that a thing, right? He loves the Jewish Zohar above all the other Jewish crap he loves and has adopted. Why, certainly this Masonic slave isn't sucking the Jewish dick! He is only a Christian, Egalitarian, Universalist, Mason, Zohar lover. He got Yahweh imprinted into his DNA my friends. **This guy is ready to die for the Jews.**

The second one implies that White Americans have some kind of freedom within the USA nowadays – *what kind of freedom?* You are enslaved to feed the rest of the world, you may not speak what the Jew defines as hateful, you may not speak out against the Jew at all – the only

freedom you have is the one where you willingly serve the Jews : **exactly as it is written in the Bible.**

The last one seems to hate the “political system”, yet doesn’t comprehend that it was his own Secret Society that installed the system in the first place. What a bunch of degenerate imbeciles sit within these lodges. That Jeb guy who used to call into Renegade Broadcasting shows must be sitting in the only non-Jewish operated, non-Communist Lodge on the planet. What is there to “infiltrate” within Masonry anymore Jeb? You think we can convert these faggot degenerate communist marxist imbeciles without being allowed to discuss politics with them? *Good luck with that.*

Yes, indeed – the oaths. Good thing that one of the earliest oaths includes saying that you will support the Nation and People of Israel no matter what – *thank fuck for that oath* – you wouldn’t be able to fulfill the will of the “Great Architect” otherwise. Why, when he was mathematically designing the entire Universe he made the Jews a special Degenerate people with special genetic diseases and a special lust and desire for world conquest – and we are just and only to love that fact about them! But, let us ignore that he also made different races which – *nah!* – when it comes to that point Miloje Chastven will tell us on his Facebook page that he himself is only : **Human.**

So, since their “Brotherly Oaths” are more important than politics, religion, etc. – one can conclude here that serving the Jews is more important than serving your own Nation. You cannot be “American first”, let alone a Racially aware White person who is against White

genocide – because your oath forbids you to do so. Ah, the freedom these motherfuckers have – really good Goyim slaves, even pets at this stage I'd say.

Here we have an occult guy – he follows the Crowley system as well as Masonry – is full of Masonic symbolism and in general seems to be deeply involved with the Esoteric. Fine, you should better yourself – but to ignore everything else that is happening around you – that is idiotic. That means to be a selfish traitor who has no roots or connections to reality itself.

And the various Jewish occult systems create such individuals – but, who knows – this guy might be Jewish himself as well. Anyways, with such a stance – you are allowing yourself to become a Slave of those people who actually are involved in politics – and, in our day and age – those people are entirely Jewish. So, Jews have created a massive amount of self-righteous idiots who simply ignore politics as something that is beneath them.

Meanwhile, the Jews are polluting the masses and destroying the very Nation they live in. They control the political narrative through the media and movies – they have made the various political campaigns a reality show, instead of a question of what is good for the ethnic founding stock of a Race and Nation – and what is not. Masonry likes to steal ideas, wisdom and knowledge from ancient Greece, but the ancient Greeks would probably just throw a spear at them. **Pericles** : Just because you don't take an interest in politics doesn't mean politics won't take an interest in you. **Plato** : The price of apathy towards public affairs is to be ruled by evil men. **Aristotle** : Man is a being meant for political association.

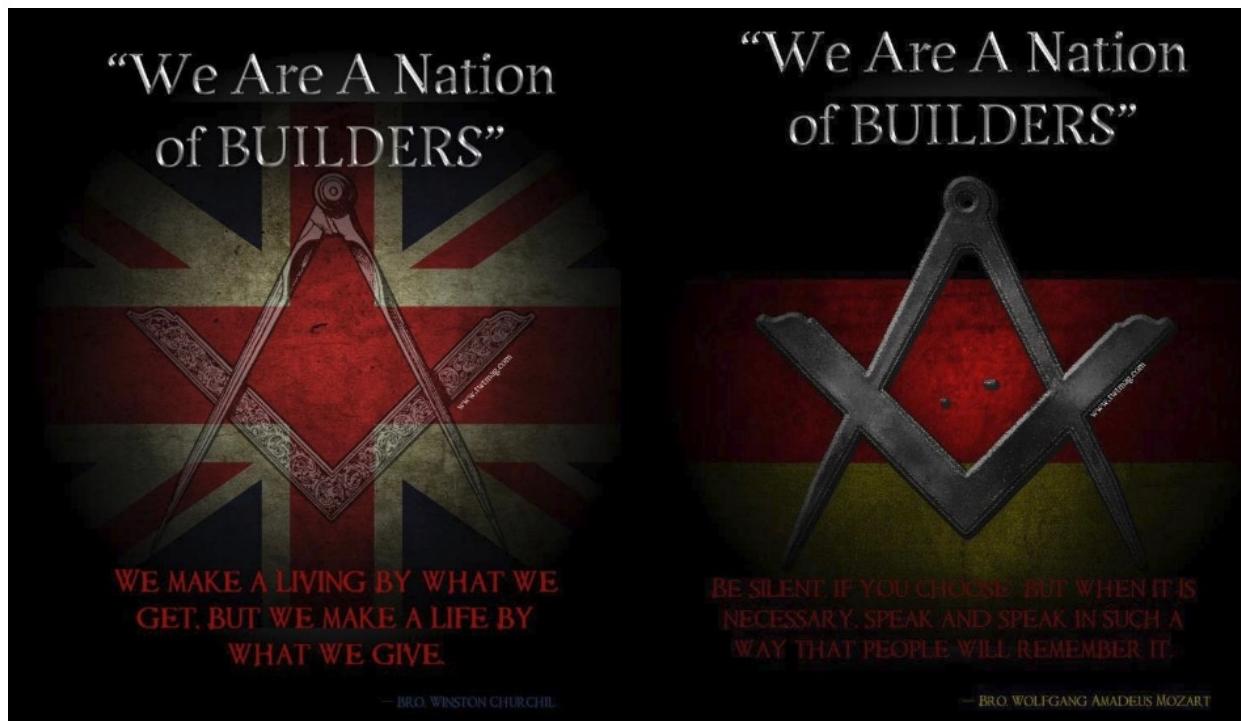

Raul Martinez I'm so glad someone actually made this point , this is something that has been brought up often especially now that we only days away from the the date and this topic directly effects the outcome of our loving community which we live in. I'm sure lots of brethren feel extremely passionate on how to treat this topic and express their views , not just in lodge but on Social Media. Stay focused bros.

Leave it to a Mexican to tell you you shouldn't be worried about politics or anything involved about the preservation of White America. He will spawn 6+ of his own minions while Whites are financially not capable of having even 2 children – he will then send all of his sons to Masonry and slowly, but surely – *take over Lodges as well*. Once all of them are Mexican inside of it, you can bet your last dollar that they will have political discussions on how to overtake America even more. On his Facebook he also has a video which basically claims that White people are Racist people who don't want to share their Nation – *a Black guy sings in it asking if the American flag has room for the color Black*.

Only White people have become gullible enough to believe that non-Whites actually care and uphold our Natural high virtues and loyalties which we have. It is time to return this Natural ability of ours and direct it again to the only true brothers we have – our own racial people. I care for every single White person out there; every single day when I read that a White woman has been raped or some White person has been shot, murdered, robbed – **it kills something inside of me.**

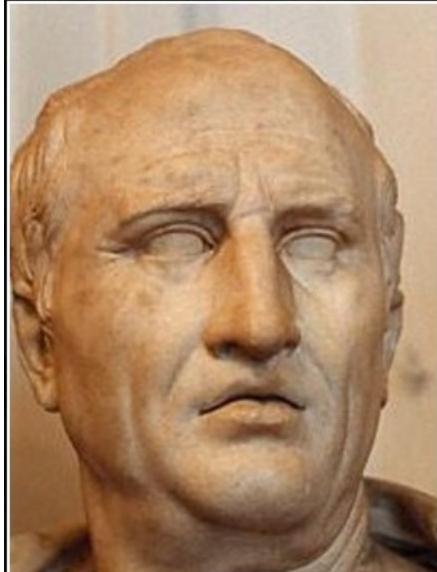

My heart cries out for all of these people and my Spirit and Soul become heavy for not being able, for not being strong enough, influential enough to help out these people. I see the planned genocide of my entire Race and have one restless night after the other. *Falling asleep feels like giving up as of lately*, I have to stay up and research – whether that is listening to someone else who is doing research – or me reading and going through documents. I am looking for every possible important piece of information that could make something go “click” within our White brothers and sisters, *that crucial knowledge that would awaken their Aryan spirit again*.

Here we have the Masons mocking two White Nations – *what have they built in the 21st century?* What has Churchill done to Britain, to Germany, to the entire European continent? To whom has he given, that he has made a “life and living” for himself? What are they building? Do they mean to say that Masonry has created, that is to say – has built – these two individuals? So what? Are we to believe that Mozart wouldn’t have developed his skills without them – or was he a Mason as a little kid as well?

For all we know, Churchill could have been a bit more intelligent if he hadn’t been a Mason – and to stress the point further – *what kind of a Masonic example is Winston Churchill*, a drunk degenerate idiot who sold his Nation and Continent to the Jew and their global banking takeover of the planet? As we see with our own two eyes in our modern day times, wherever the Masons and Jews take over for several, if not only one generation, the entire Nation slowly – but surely – **dies and is destroyed**.

Are the Masons supposedly proud that London is 70+% non-white? Are they proud that a Muslim who protects Masonry is the current governor of the Capital city of Britain? Are they proud that a female Jew is leading Germany and that the plan is to eradicate all White Germans within that Nation? Are they also proud that their Brother Mason Coudenhove-Kalergi has created a plan in which all White European people are to be exterminated and replaced by mixed-raced mud people who are to be ruled over by Jews? Are Masons proud for all of these crimes against an entire Race? Traitors, murderers, sons of bitches – all of them! **Corneliu Zelea Codreanu** : *The Jews are our enemies and as such they hate, poison, and exterminate us. Romanians who cross into their camp are worse than enemies: they are traitors. If I had but one bullet and were faced by both an enemy and a traitor, I would let the traitor have it.*

A nation can survive its fools, and even the ambitious. But it cannot survive treason from within. An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the alleys, heard in the very halls of government itself.
